

# Single Relay

240V 10A Single relay that can be controlled directly from the Joey Lite, Joey Micro 9 or 6 or even the Multi Media Port. This Single Pole double relay is throw mounted on a din rail block and can control motorised screens and blinds, lighting circuits etc.

A new accessory in inexpensive, flexible control systems, the Single Relay is a Double Pole Double Throw DIN rail mountable relay that allows for control of power circuits (lights, screen, projector lift etc) directly from Joey Lite or Joey Micro9 or Joey Micro6 MkII or even Multi Media Port.

This product reduces the cost of classroom and boardroom control solutions even further.

Rated Voltage	12Vdc
Rated Current	75mA
Coil Resistance	160Ω
Coil Induction	0.73H/1.37H Arm. ON/OFF
Power consumption (approx)	0.9W
Rated carry current	10A
Max. switching voltage	250VAC / 125VDC
Mounting	DIN rail mounting
Dimensions including socket	71mm(H) x 67mm(W) x 10mm(D)
Joey authoring software	V2.7.15 and above

NB: Use of relays other than supplied by Command Systems may void warranty of control device.
